

MEDPAK Albania

18th March 2013

Congratulations on your 20th anniversary.

For the five years in 1995-1999 West Berkshire Mencap, based in Newbury, twinned with MEDPAK and exchange letters and news items.

We were glad to be part of the project and in 1999 we were pleased to welcome Zela Koka and Vali Albarjami from Librazhd at our Centre for a short visit.

We are very glad that the work continues and wish you well for the future.

Best wishes

Leila Ferguson
